50

YEARS EXPERIENCE

By relying on technology and focusing on modern architecture, we could produce lighting products with unique design and competitive with European products.

The process of production, including laser cutting, die casting, turnery and bending by CNC, milling, electrostatic powder coating and assembly are performed by specialists in NOORANEH factory.

Today, over 50 years of experience in production and having experts in technical fields, design, lighting, architecture, etc., we are proud to take an effective step towards promoting the lighting industry.

ما در نورانه با نگاه ویژه به معماری مدرن و با اتکاء به تکنولوژی روز، و با هدف ایجاد ارتباط صنعت و هنر توانستیم محصولاتی با طراحی منحصر به فرد و قابل رقابت در بازارهای جهانی تولید نماییم.

تمام مراحل ساخت چراغ شامل برش لیزر، ریخته گری دایکاست، تراش و خم CNC ، فررکاری، پوشش رنگ پودری الکترواستاتیک و مونتاژ توسط نیروهای فنی در کارخانه نورانه انجام می گیرد.

امروز مفتخریم به پشتوانه ۵۰ سال تجربه در تولید محصولات با کیفیت و همراه داشتن کارشناسان متخصص در زمینه های فنی، طراحی، روشنایی، معماری و ... گامی موثر در راستای ارتقاء صنعت روشنایی برداریم.

Today, a successful collaboration is not only based on the production of a good product, but also depends on the support and after-sales service.

Sending catalogs to customers, preparation and presentation of photometric, BIM, 3DS files for use in lighting softwares such as: Dialux, 3DMAX, Revit, etc..., presentation of installation videos, are performed by NOORANEH during the customer relationship process.

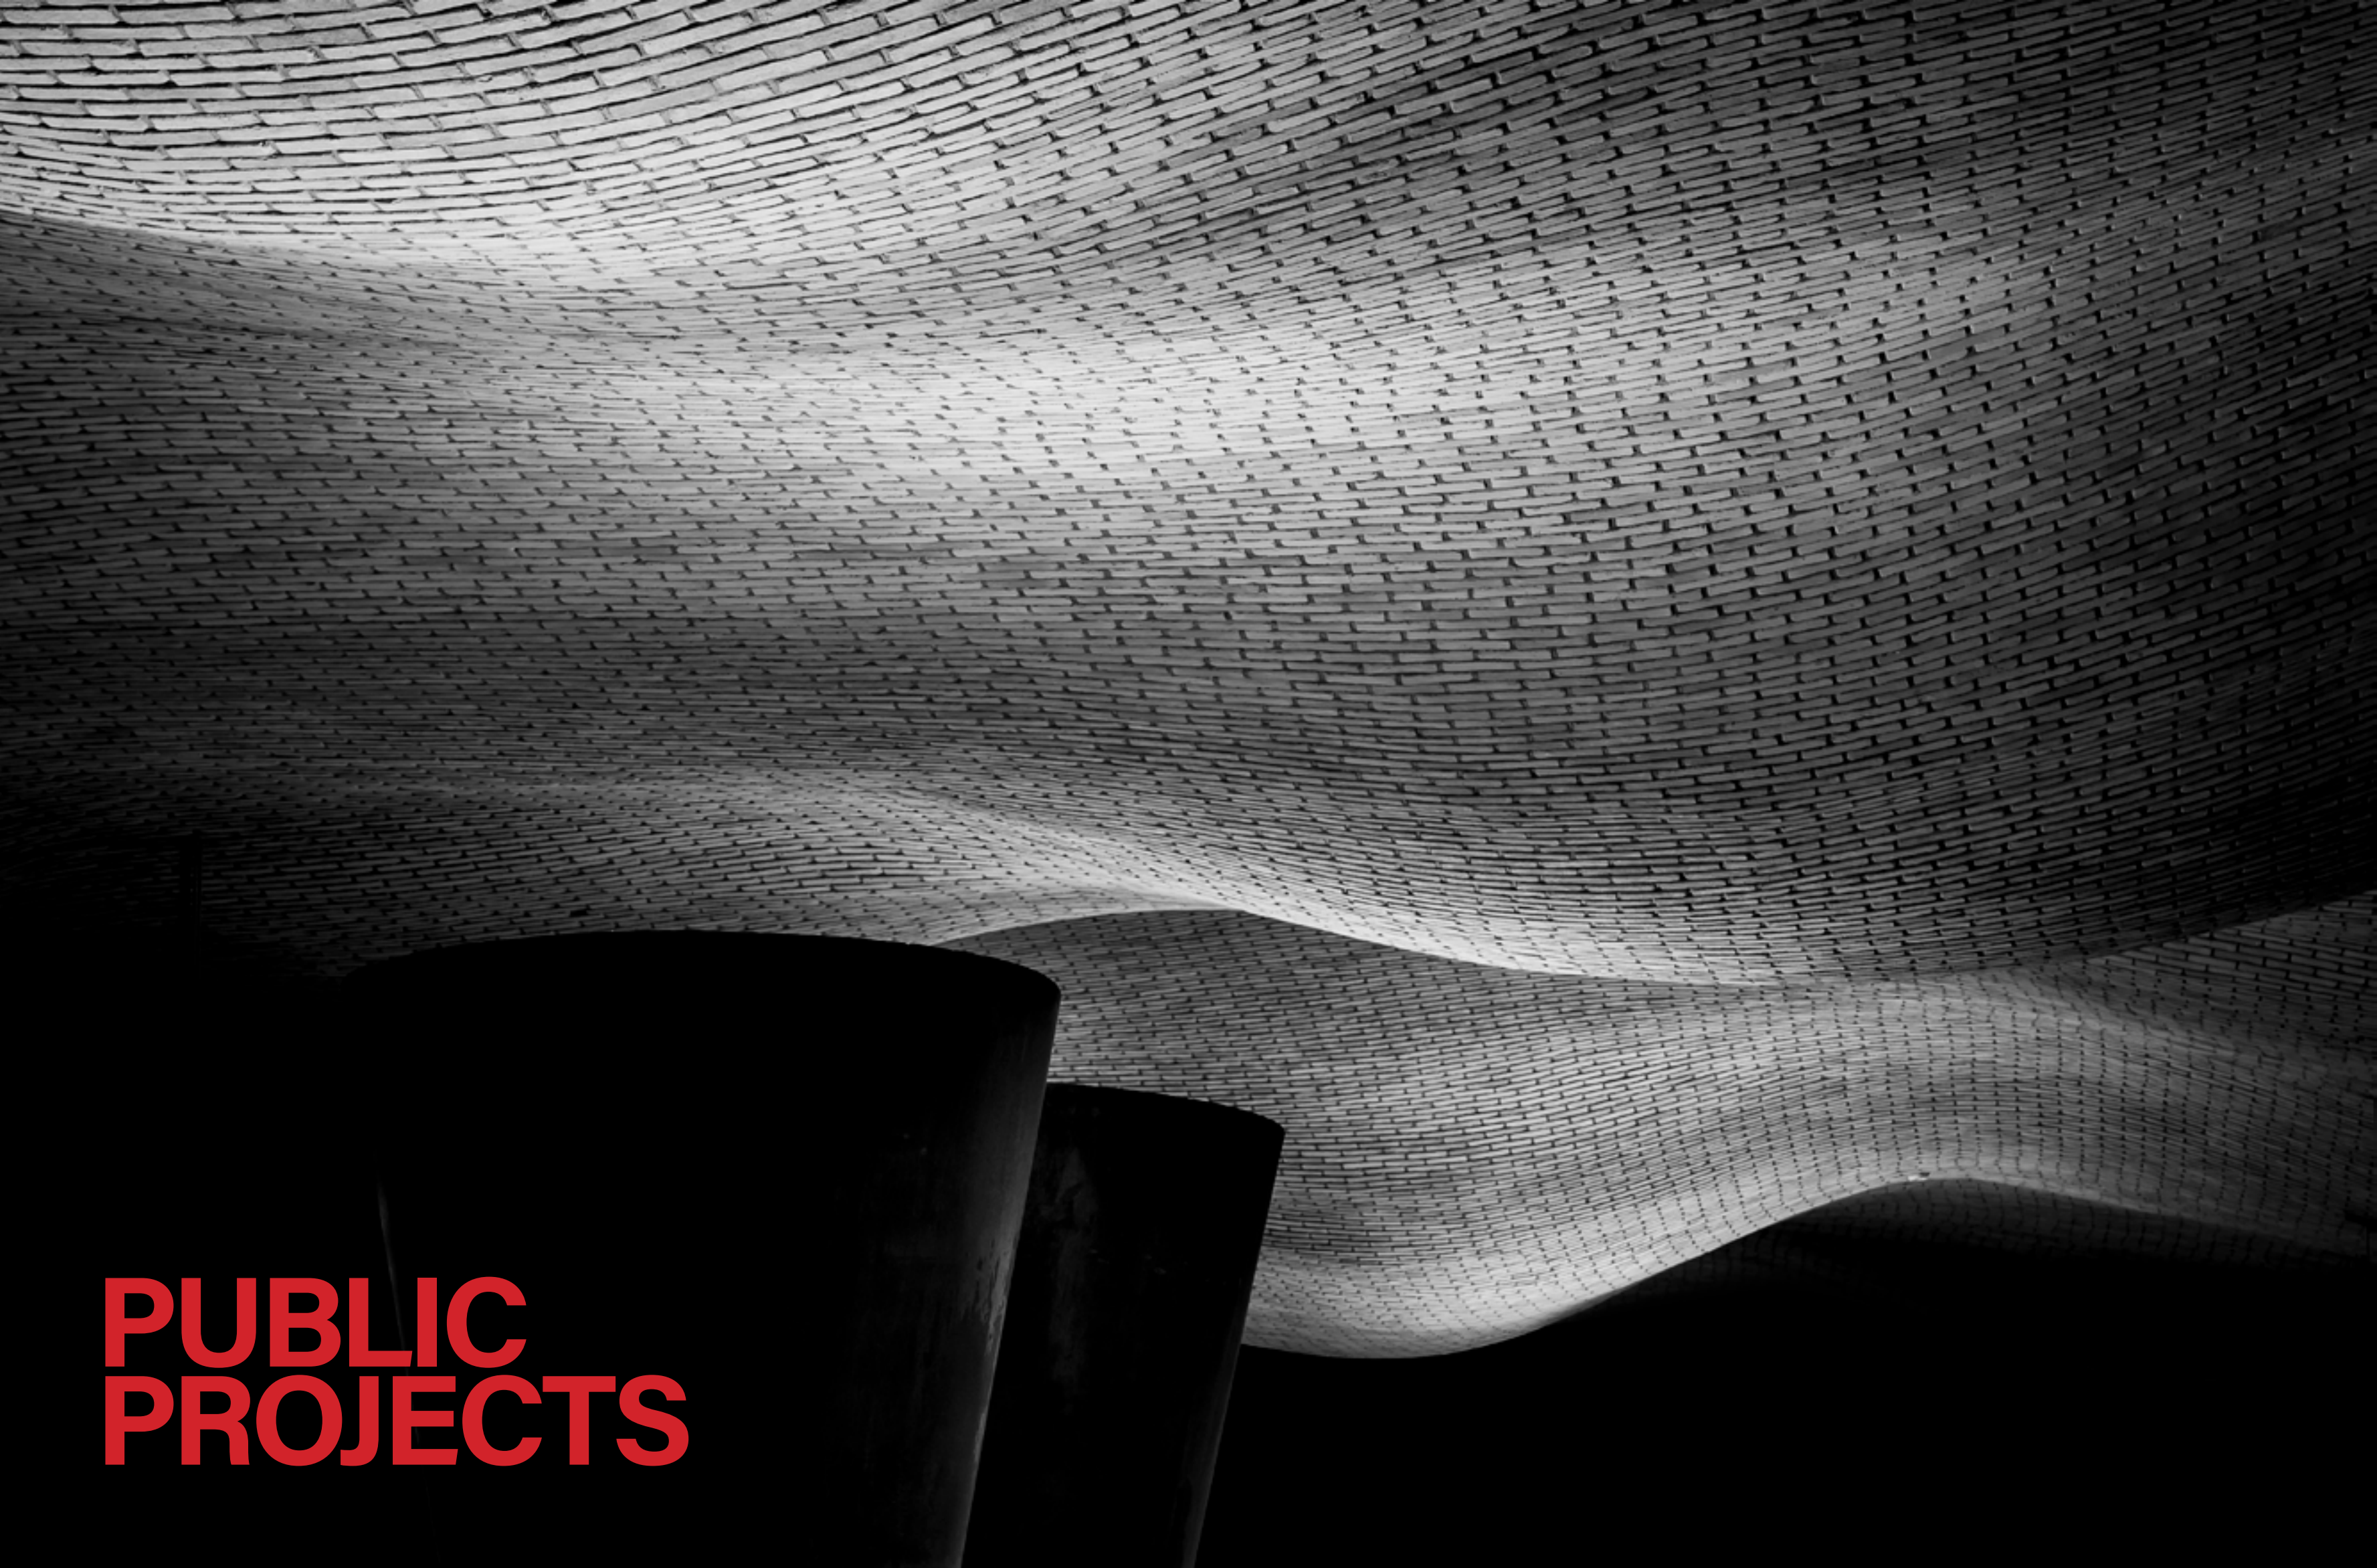

NOORANEH is responsible for all services and guarantees its products for 5 years.

The guarantee and after-sales services are issued on condition that the customer completes an online registration or call to (+98)21-79924

امروزه یک همکاری موفق فقط بر مبنای تولید یک محصول خوب نبوده ، بلکه به کیفیت پشتیبانی و خدمات پس از فروشی که در طول اجرای پروژه و پس از آن ارائه می گردد نیز بستگی دارد.

در نورانه خدمات ما برای مشتریان با تحویل چراغ به پایان نمی رسد، ارسال کاتالوگ برای مشتریان، آماده‌سازی و ارائه فایل‌های فوتومتریک، BIM و 3DS برای استفاده در نرم‌افزارهای روشنایی مانند Dialux, Revit, 3DMAX و ... و ارائه ویدئوهای نصب از جمله خدماتی است که در طول فرایند ارتباط با مشتری در نورانه صورت می گیرد.

نورانه مسئولیت تمامی خدمات و تعمیرات ارائه شده برای محصولات خود را مطابق شرایط گارانتی ۵ ساله به عهده می گیرد. جهت بهره مندی از خدمات پس از فروش محصولات نورانه فقط کافیست در خواست خود را به صورت آنلاین ثبت کرده و یا با شماره تلفن ۰۲۱-۷۹۹۲۴ تماس حاصل فرمایید تا در سریع ترین زمان ممکن نسبت به رفع نیاز شما مصرف کننده محترم اقدام گردد.
